

# **City of Grand Blanc City Clerk's Office**

## **Hiring Election Inspectors**

The City of Grand Blanc City Clerk's Office is looking for dedicated people to continue the tradition of working the polls on Election Day.

By serving as an Election Inspector, residents can serve their community and earn extra income at the same time!

Inspectors will be stationed at one of 4 precincts throughout the city and will be responsible for opening the precinct on Election Day, ensuring that voters are registered and are voting in the proper precinct, assigning ballots, and closing the polls.

Election Inspectors are paid for working on Election Day and also receive additional payment for attending mandatory training prior to Election Day.

Many inspectors enjoy serving for a variety of reasons: a sense of pride, civic duty, and the social aspects of being an Election Inspector. Inspectors often work at the same precincts and with the same fellow inspectors year after year. They frequently maintain friendships outside of the polling place and look forward to seeing their neighbors every Election Day.

Election Inspectors must be at least 18 years old and be a qualified and registered voter of the State of Michigan. Inspectors are allowed to serve in a community other than their own. Election Inspector applications are available at the City of Grand Blanc's office and website, [cityofgrandblanc.com](http://cityofgrandblanc.com)
